South Idaho Judge Says Drunk Drivers To Draw Jail Terms

TWIN FALLS, Feb. 16. (AP)—Attention, drinking dricers!

Unless you are prepared to spend some time in jail don't be caught operating your automobile under the influence of liquor.

Probate Judge C. A. Bailey made it plain today that defendants brought before him on this charge, if guilty, will not get off with fines alone.

"This court is going to add jail sentences to the fines," declared Judge Bailey, who said that thus far fines have failed to curb the drunk driving menace from the highway.

Suffer Second Fire Loss of Home

KELLOGG, Feb. 16—For the second time within a year, fire destroyed the home of the Don Hall family in Moon Gulch. An overheated stove is believed responsible for the fire last evening which destroyed the house and contents. The family was not at home at the time. The county fire department was called to the scene but the house was enveloped before the arrival of the firemen. Nothing was saved from the place and loss was estimated at $2500. The Hall family lost a former home in the forest fire which burned through the area last July.

Neglected Children Is Charge

Mrs. Lee Oliver, Kellogg, was given a six months suspended jail sentence for wilful neglect of her minor children in a sentence meted out by Judge Joe Irvine following arrest by city police. Byron Dewolfe was fined $25 on a drunk and disorderly conduct charge. Glen Austin was fined $15 and George Blaine $10, each on charges of being drunk.

School Bus Operator Drunken Driver

TWIN FALLS, Feb. 16 (AP)—Frank Farr, 50, Filer, was fined $100 and $3 costs when he pleaded guilty in probate court here Friday to a charge of driving a school bus while under the influence of liquor.

He was arrested after the bus was driven into a ditch Monday night near the Maroa school. Farr was the only occupant of the bus at the time.

Thursday in probate court he was held for trial in district court on a charge of resisting an officer after he waived preliminary hearing on the count. Judge C. A. Bailey fixed his bail at $500.

Dave Hatch, night marshal at Filer, had to call the sheriff's office here for assistance after, he said, Farr became abusive and resisted arrest after the accident.

CHURCH DINNER

Fifty attended the monthly potluck dinner in the basement of the Methodist church last evening. Problems of the church and Sunday school were discussed and a social hour followed.

Urges U. S. Legion

R. M. Winegardner, above, Washington Courthouse, Ohio, attorney, urges creation of an "American Foreign Legion" to relieve G. I.'s of foreign occupation duty. Patterned after the famed French Legion, it would also enlist former Allied soldiers with good military records.

Oppose Move to Aid Gold Miners

WASHINGTON, Feb. 16. (AP)—Opposition of the treasury department and the civilian production administration to legislation for the relief of gold mine operators was presented to the house war claims committee Friday.

Chairman Engle (Dem., Calif.) read to the committee letters from Secretary of the Treasury Vinson and John D. Small, civilian production administrator.

Both opposed enactment of Engle's bill to provide for federal reimbursement of gold mine operators for "out of pocket" expenses incurred because of the government's war-time order closing the gold mines.

Vinson said he thought it "undesirable" to compensate one industry for war-time losses since it might set a precedent for claims from other groups.

Small said he believed the matter should not be handled by legislation unless incorporated in a general scheme for the compensation of all war-time losses, with consideration given to the effect of the war on the whole economy of the country.

Commenting on the letters, Engle said gold mining was the only industry directly closed by government order and therefore should be considered separately. Many mines, he added, will not be able to reopen without financial aid.

R. E. Whitten of Boise, representing eight gold mining operations in Idaho and Oregon, asserted that losses had been severe, and that the closing order did not accomplish its announced purpose.

NEW YORK, Feb. 16. (AP)—Ending of the U. S. Steel strike, prospects of labor adjustments elsewhere and persistence of inflation psychology brought heavy buying into the stock market today on one of the largest Saturday volumes of the past seven years.

Best gains running to two or more points were reduced near the close and there was a smattering of minus signs. Highs since 1931 were plentiful. Transfers were around 1,300,000 shares.

Break in Steel Strike Spurs Recovery Hopes

(By The Associated Press)

The country's reconversion program appeared headed for fast, smooth progress today as a long-awaited break came in the nation-wide steel strike.

U. S. Steel Corporation, "big steel," settled its wage dispute with the CIO United Steelworkers last night. On Monday the corporation's 130,000 employes are to go back to their jobs—at an 18½ cent hourly wage increase—after four weeks of idleness.

A drive for quick settlement of "little steel" wage disputes began on the basis of the accord reached between the CIO and U. S. Steel.

Expect Others To Sign

A source close to the negotiations, who declined use of his name, said there was a possibility that Bethlehem Steel company and the CIO would sign, within a matter of hours. Negotiations also are in progress with several other "little steel" companies — Republic, Inland and Youngstown Sheet and Tube—together with the Aluminum Corporation of America.

While government agencies watched eagerly for signs of further breaks in the nation's strike situation, union leaders called a steelworkers wage policy meeting for Thursday in Pittsburgh to ratify the new steel wage agreements.

However, CIO headquarters in Washington said workers could return to work immediately wherever contracts are signed, without waiting for the ratification. A spokesman said the union confidently expected virtually all of the 750,000 strikers to be back on the job by the middle of next week.

In Washington Reconversion Director John W. Snyder announced the "big steel" settlement on the basis of an 18½ cents average hourly wage boost previously recommended by President Truman, with U. S. Steel getting a compensatory $5 a ton increase in steel prices.

Immediately, administration leaders expressed hope that the end of the 26-day-old walkout would have an important influence on the strikes in General Motors plants and the electrical industry, the nation's other two major work stoppages.

See Hope For G. M. Settlement

In Detroit, leaders of the CIO United Auto Workers hailed the agreement as a factor which would hasten settlement of their wage dispute with General Motors, ending a strike which started Nov. 21. No immediate comment was made by principals in the strike of 175,000 CIO Electrical Workers at Westinghouse and General Electric.

The top men in the General Motors-CIO-UAW wage dispute were to resume discussions with Special Mediator James F. Dewey, who said GM President C. E. Wilson and Union President R. J. Thomas would attend today's session. He predicted that the meeting "could" end in settlement of the 88-day strike. The union has been holding out for a wage hike of 19½ cents an hour, as recommended by a presidential fact-finding board.

Also in Detroit, the Ford Motor company, whose assembly lines in most plants were closed by a steel shortage, said it hoped to resume normal operations within two weeks.

Bendix Strike Looms

On the darker side in the motor city was the CIO-UAW announcement it was considering strike action in six of Bendix Aviation Corporation's 15 plants because of what it said was a breakdown of wage negotiations. A union spokesman said the company had refused to discuss a 30 per cent wage increase demand. Bendix officials said there was no breakdown in negotiations.

Truman 'Sticks to Guns' on Appointment of Pauley

WASHINGTON, Feb. 16 (AP)—President Truman set the stage today for the senate's toughest political battle since the 1937 supreme court fight by sticking uncompromisingly to his nomination of Edwin W. Pauley for undersecretary of navy.

Reluctant senate democrats saw a knockdown, dragout job ahead, but Mr. Truman left them scant choice about taking sides after his emphatic declaration he expected Pauley to be confirmed.

In reaffirming his complete confidence in Pauley Mr. Truman turned aside inquiries yesterday about his political plans for 1948. It was reminiscent of the way President Roosevelt used to parry questions about his third and fourth term intentions.

The president likewise was noncommittal about the men he was considering in his search for a successor to Harold L. Ickes as secretary of the interior. The only potential clue he yielded at his news conference yesterday was a remark that many legislators had recommended Senator Joseph C. O'Mahoney (Dem., Wyo.) for the job.

Cites New Evidence

Intimating that new evidence may challenge Ickes' charges against Pauley, Mr. Truman predicted flatly that the California oil man will be confirmed. He added, moreover, that Navy Secretary Forrestal recommended the appointment, and that Mr. Roosevelt originally had intended to make it.

Forrestal quickly issued a statement saying that when Mr. Roosevelt asked him to consider Pauley for the appointment, he replied he would prefer H. Struve Hensel, assistant secretary. Forrestal added he told Mr. Truman, after Mr. Roosevelt died ,that he would "be agreeable" to the Pauley appointment.

Presumably, the new evidence on the nominee would deal with Ickes' assertions that Pauley suggested to him in 1944 that oil men might raise $300,000 for the democratic campaign fund if the government did not press its suit to establish federal title to off-shore oil lands.

Mr. Truman's suggestion of new evidence was countered, however, by Pauley's opponents who indicated they had fresh ammunition in their locker for use when the senate naval committee resumes hearing on his nomination Monday.

Holland Moving on Recovery Road

By DEWITT MACKENZIE

AMSTERDAM, Feb. 16. (AP)—Holland has taken a terrible beating from the huns, but finally has a solid footing on the craggy path to recovery and the indications are that with good crops this coming season she will do relatively well—a long way from normal, mind you, but headed safely in the right direction.

That is our summary of the position, having had a chance to look things over. As I sat down to write this article I asked my distaff partner what her outstanding impression of Holland was, and got an unexpected reply.

"It's that I have heard a lot of young folk singing in the streets," Mrs. Mack said, "and you see people smiling and even laughing everywhere. That's an astonishing thing to find in a country which has suffered so much as Holland."

Well, I guess she's right. The Dutch have been hurt so badly that it doesn't take much easement to make them happy. It's a good sign, too, for cheerful courage is needed to pull them through.

Morale Is Tops

Morale is tops in Holland, and it is getting better with the approach of spring. It's nearing tulip time and we've seen the growers working diligently and lovingly over their bulbs, the farmers, too, are beginning to turn the soil for the crops which mean so much to Holland this year. So far as material things go, the best indication is that there no longer is actual hunger in the country. That doesn't mean that there is anything like food enough, for there is a great scarcity of most things and rations are terribly tight. Still, the starvation of a year ago has been beaten. There has been lack of nourishment and the result has been much illness and death from pneumonia and other diseases. To cap the misery, the whole country has suffered from cold, for there has been little fuel for any purpose.

Holland's plight is stringingly illustrated by the fact that the shortage of electricity forces the street cars to quit running at 6 o'clock in the evening and on Sundays they don't run at all. That isn't quite the whole story with the transportation problem, for the country is so short of equipment that it has to conserve what it has.

The National Whirligig

By RAY TUCKER

WASHINGTON, Feb. 16—The few remaining liberals within the Truman administration have been gun to suspect that National Chairman Robert Hannigan will turn out to be the fortunate and destructive genius of his old friend's regime at Washington.

The president's political aide, in their opinion, is applying to the national show and scene the same small-town technique that he used when operated as county courthouse back home. They maintain that his advice on policies and personalities, which Mr. Truman seems willing to accept in so many instances, has led the chief executive into one difficulty after another.

They have not carried their worry to the White House because they are that it would be a waste of time. They know of and admire Mr. T.'s loyalty to friends. They realize, that, even after he took office as vice president, he attended the funeral of "Old Tom" Pendergast, though his original political benefactor in Missouri had wound up his days in a federal prison.

* * *

APPOINTMENT Hannegan has kept his hands off foreign affairs because (1) they do not interest him and (2) because he does not believe that they will be the balloting in next fall's congressional contests or in the 1948 presidential election. But he has had his finger into many domestic pies in his aspiration to out-Farley Farley and Aloysius as a Washington broker.

The national chairman was partially responsible for President Truman's decision to adopt the Roosevelt formula for political success.

See Polish Troops As Peace Threat

LONDON, Feb. 16 (AP)—Soviet Russia told the United Nations today 120,000 Polish troops under British command remained in Italy and that they constituted "a possible threat to peace, calm and order on the Yugoslav-Italian frontier."

The memorandum did not request action by the security council, but it came a day after Britain had received from Poland a demand that Polish troops in Italy and Britain be returned to their homeland. The British foreign office had estimated at 107,000 the number of Poles in Italy.

The United States meanwhile asked the council to settle the dispute over the Levant with a declaration expressing confidence that it would be negotiated promptly and that French and British troops would be withdrawn "as soon as practicable." Syria and Lebanon have charged that the troops endanger peace, and therefore are a subject for council action.

Russia asked for amplification of the American proposal, and Edward A. Stettinius, Jr., agreed to give further details tonight.

British Foreign Secretary Ernest Bevin observed:

"Let's get this cleared up in a—to use a socialist phrase—comradely spirit."

Foreign Minister Georges Bidault of France said keeping French and British troops in the Levant was "in perfect accord" with the United Nations charter.

Representing Yugoslavia, which is not a member of the 11-nation council, Soviet Vice Commissar of Foreign Affairs Andrei Vishinsky filed with Secretary-General Trygve Lie a memorandum from the Yugoslav government declaring that the activities of the Polish army were "hostile" to Yugoslavia.

The memorandum added that "extremely numerous propaganda publications issued by these units are aggressive and obtenibly threatening."

Pocatello Unions Ask Liquor By the Drink

POCATELLO, Feb. 16 (AP)—The Pocatello central labor council today sought legalization of sale of liquor by the drink.

The council's stand was announced after the Pocatello bartenders union (AFL) adopted a resolution calling for sale by the drink.

President Paul Gregersen said the council's position stemmed from the fact that "present state liquor laws are unpopular and unenforceable."

Anti-Russ Action Stirs Manchuria

CHUNGKING, Feb. 16 (AP)—Chungking witnessed its first demonstration against the Russians today as the turbulent Manchurian situation reached a boiling point and China was given American support in a request to move more troops into that vast area.

Lieutenant General Albert C. Wedemeyer, U. S. commander in China, told a press conference that General George C. Marshall approved the request to move more Chinese armies into Manchuria. He did not elaborate.

Two hours later a Chinese communist spokesman charged that government forces, preparing to seize Yingkow, important port, and five other Manchurian towns, had clashed with communists. He said the communists had withdrawn from Panshan and Taian "to avoid aggravating the conflict."

(It was not immediately clear why the reported fight for Yingkow, from which the communists reported on Jan. 30 they had withdrawn after having wrested it from government troops.)

Almost simultaneously, 400 members of the Manchurian guild marched through Chungking streets to government headquarters and presented nine demands. It was the first public demonstration ever seen here against the Russians.

The paraders carried banners inscribed "we demand withdrawal of Soviet troops from Manchuria."

Proposes Farragut As G. I. University

COEUR D'ALENE, Idaho, Feb. 16—A proposal that a "western G.I. university" be established at Farragut when facilities there are no longer needed by the navy was advanced Friday by Commodore Frank H. Kelley, commanding officer at the United States naval center, in an interview with the Coeur d'Alene Press.

Full credit for the suggestion was given by the naval officer to Mrs. Myrtle Cunningham of Farragut village, civilian employe on the center, who pointed out that such an educational institution would be a boon to those returning war veterans eager to continue their education under the terms of the G. I. bill of rights, and who are finding many universities and colleges taxed to capacity.

She also expressed the opinion, the commodore said, that Farragut village, which adjoins the center and which comprises 500 family units, would provide adequate living quarters for the married student-veterans.

"I find the plan most feasible and sincerely hope that the matter will be given due consideration," Commodore Kelley said.

September 1 of this year has been announced previously as the tentative date for the decommissioning of Farragut as a naval installation, which would make it available for use as a university for the next school year, he also said.

VISITS ACADEMY

Sister Bridget, directress of the schools of the Sisters of Providence, gave a brief talk Friday afternoon to the high school students of Our Lady of Lourdes academy, commending the cooperation of the students in carrying out their sodality activities. She visited classes in both grades and high school during the past week.

Canada Moves to Plug Leaks in Bomb Secrecy

OTTAWA, Feb. 16, (AP)—The Canadian government moved swiftly today to plug a leak of "secret and confidential information" which an authoritative source said involved handing over atomic secrets to the Russians.

The disclosure of the move came last night after the Royal Canadian Mounted police had rounded up 22 employes and former employes of Canadian government departments and agencies.

Prime Minister W. L. Mackenzie King announced the appointment of two royal commissioners to head a thorough investigation and promised the government would institute prosecution "in cases in which the evidence warrants it."

In his announcement, the prime minister mentioned neither atomic energy nor Russia, but authoritative sources, which cannot be named, said both were concerned.

he investigation has been going on under cover since shortly after the war ended, informed quarters said, and the prime minister was reported to have discussed the leak with President Truman in Washington last fall during their talks on atomic energy.

The atomic bomb was developed through the combined efforts of United States, British and Canadian scientists, and therefore a number of Canadians are familiar with the atomic secrets.

Some of the 22 men rounded up by police were known to have been employed by the national research council, government agency through which atomic energy information has been channeled. Officials said they were certain they could place serious charges against at least 12 of the men.

Idaho Grange Head Resents Charges

BOISE, Feb. 16. (AP) — Clayton Davidson, vice president of the Columbia Valley Information league, was asked today to substantiate his charge that members of an Idaho state grange committee which prepared a resolution opposing establishment of a CVA were "fixed."

E. T. Taylor of Coeur d'Alene, state grange master, in a letter to Davidson asked the latter to "publicly publish and declare who of the committee were fixed" and by whom and by what interests they were 'fixed.'"

The resolution was prepared by the irrigation and reclamation committee of the state grange. The grange, at a meeting in Moscow last December, approved the resolution by a vote of 285 to 12.

In his letter Taylor listed the names and addresses of members of the grange executive committee and of the irrigation and reclamation committee and asked Davidson to specify which ones were "fixed."

Davidson was out of town and unavailable for comment.

Oregonians Support Clark For Cabinet

PORTLAND, Feb. 16. (AP) — D. Worth Clark, former Idaho senator, today had the announced support of two Oregon democratic officials as a possible successor to Secretary of the Interior Harold L. Ickes, resigned.

Lew Wallace, democratic national committeeman for Oregon, and Henry Aiken, democratic party chairman, sent President Truman a telegram "enthusiastically endorsing" Clark for the post. A copy of the message went to Democratic National Chairman Robert Hannegan.

The two men said they felt the Pacific northwest is entitled to "real representation" in the national cabinet. The telegram was sent after the party leaders had received telephone calls from eastern Oregon in support of Clark, who was defeated for re-election to the senate in 1944 by Senator Glen H. Taylor (Dem., Idaho).

Grange Boosts Clark

BOISE, Feb. 16. (AP)—E. T. Taylor of Coeur d'Alene, master of the Idaho State Grange, has endorsed Former Idaho Senator D. Worth Clark for appointment as secretary of the interior. He sent his endorsement in a telegram to President Truman.

Recover Second Body From Wrecked Plane

HUNTSVILLE, Utah, Feb. 16. (AP) —The body of the second of two fliers killed when their army training plane crashed on frozen Pine View reservoir has been recovered.

Army air force authorities at the Kearns overseas replacement depot identified occupants of the plane as Second Lieutenant William H. Killmer of Garrettsville, Ohio, and Second Lieutenant Myron Sewack of Jessup, Pa.,

One officer was taken from the plane immediately after it crashed Thursday, but died an hour later. Body of the second was recovered yesterday from a submerged section of the plane.

Governor Foresees Speedy Session

BOISE, Feb. 16 (AP)—The Idaho state legislature will meet in special session Feb. 25 and Gov. Arnold Williams predicts it can complete its work in 10 days.

The call is for a session of not more than 20 days.

Williams said the special session was intended to "bring state government back to normal—back to its prewar standard."

He outlined a 10-point program for the lawmakers' consideration. It included a request for legislation affecting public schools, the state's educational and mental institutions and the public welfare program.

18 Recommendations

The chief executive recommended 18 appropriations. In an interview he said, however, that "I think we won't need any additional revenue measures." The call provides that the lawmakers may enact, however, "any necessary and needful legislation to provide revenue."

Williams listed no figures in his suggestions that funds be appropriated to aid public schools in meeting teacher shortages and to increase grants under the state welfare program.

Asher B. Wilson, Twin Falls, chairman of the state board of education, has suggested appropriation of $1,070,000 to boost salaries of public school teachers.

Harold C. Howell, executive secretary of the independent voters league, urged appropriation of $1,000,000 for aid to aged persons. In December payments to 9,700 old-age assistance recipients averaged $32.

Believe Slain Man Prominent Attorney

LOS ANGELES, Feb. 16 (AP)—The nude body of a man so badly beaten about the face that police declined to make positive identification was found last night outside the luxurious home of William H. Bonsall, attorney and former candidate for the state assembly.

Detective Lieutenant Roy Vaughn said the victim answered Bonsall's general description and that the attorney was missing. The parents, Mr. and Mrs. Sam Bonsall, are enroute here from Carmel and will be asked to view the body, Vaughan said. The elder Bonsall is a wealthy broker.

Inside the house, police found evidences of a terrific struggle. Smashed chairs and tables lay amid the blood-spattered wreckage of fine oriental art objects.

A neighbor, S. W. Weaver, said he heard sounds of a fight, then a call "Help, police." He telephoned officers, then ran for the Bonsall home, finding the victim but no trace of his assailant.

The death weapon, investigators said, apparently was a length of lead pipe, found near the body.

Pastor Wields Hammer To Build Own Churches

CHARLESTON, Mo. (AP)—Many pastors have been called "church builders," but the Rev. Allen B. Cooper, 47, really builds them. He knows his carpenter's tools as well as his Bible.

Building country churches on week-days and preaching on Sundays, he has done most of the sawing and hammering in the construction of five churches in Missouri and one in Arkansas. His New Bethel church in the nearby Bridges community, considered a model rural church building, was started with material salvaged from a fire—and no money.

The college - trained, hammer-wielding preacher has been at it for five years.

Farm Price Boost Seen as Result of New Wage Plan

WASHINGTON, Feb. 16. (AP)—An "inevitable" drive to raise the price of farm commodities was forecast today by Senator Bankhead (Dem., Ala.) as a result of the new national formula permitting higher industrial wages and prices.

Bankhead, a leader in agricultural legislation, claimed that the administration's revised economic policy would "increase tremendously the price of everything the farmer buys."

Several other farm state lawmakers took the position that increases could not be allowed for two such major segments of the nation's economy as industry and industrial labor without extending similar benefits to farming.

They referred to the new policy, announced by President Truman, permitting wage increases "within certain limits" and allowing industries placed under hardship by such action to seek price adjustments without waiting six months.

Bankhead told a reporter "it is inevitable that there will be an organized movement to protect the farmer from these burdens," he told a reporter.

"The development is so new that I don't know yet just what the friends of the farmer in congress will do. But I have no doubt that an effort will be made in a serious way to increase the prices of agricultural commodities.

"You can't sustain industry and labor at a high level of cost without an adequate purchasing power for the great mass of farmers."

Strike Called at A. S. & R. Plants

CHICAGO, Feb. 16 (AP)—The CIO International Union of Mine, Mill and Smelter Workers today set Feb. 25 for a nationwide strike against 18 plants of the American Smelting and Refining company.

Reid Robinson, president of the union, said the executive committee voted for a strike after negotiations with the company became "deadlocked."

He said 7000 workers would be affected in plants at Perth Amboy and Newark, N. J.; Los Angeles, San Francisco and Selby, Calif.; Patagonia and Globe, Ariz.; Vanadium and Hanover, N. Mex.; Garfield and Murray, Utah; Beckemeyer, Ill; Tacoma, Wash.; East Helena, Mont.; Leadville, Colo., and Baltimore, Md.

An arbitration meeting arranged by a federal conciliator in Perth Amboy, N. J., "broke down," Robinson stated and added, for that reason, the union's executive board set the strike date.

Plan To Expand Idaho Highway Survey

BOISE, Feb. 16. (AP)—Expansion of a planning survey of Idaho roads is under consideration, State Highway Director T. Matt Hally discussed the project with department officials and members of the federal public roads administration yesterday.

Hally said the group is studying the establishment of economic valuations of the state's proposed projects.

Idaho Court Okehs Gas Tax Refund

BOISE, Idaho, Feb. 16 (AP)—The Idaho state supreme court Friday reversed an Ada county court decision and ruled unanimously that nonhighway-users are entitled to refunds of a special 1-cent gasoline tax levied in 1945 to provide post-war funds for matching with federal highway money.

The opinion by Justice Edwin M. Holden held that "The motor fuels tax is not a tax for general purposes, but a privilege tax. A tax exacted from those who use the highways in proportion to the use for the construction and maintenance of highways."

T. Matt Hally, state director of highways, said the decision means the loss to the highway fund of $123,000 from last year's collections of the 1-cent tax and an estimated $187,500 from this year's estimated collections. The state refund law requires that 15 per cent of gasoline tax collections be placed in a motor fuels tax refund fund.

The supreme court ruling was on an appeal by the Union Pacific railroad from a decision in a suit it filed against Boise G. Riggs, commissioner of law enforcement, challenging the legality of the act.

KELLOGG YOUTH FINED

Robert V. Sherman, 18, Kellogg, was fined $25 in police court at Coeur d'Alene yesterday for reckless driving. Officers said he and another youth were racing their cars on Sherman street near the high school.

Merfeld Experiences Earthquake On Coast

At least one Wallace resident experienced the earthquake which rocked the Portland-Seattle area Thursday night.

F. A. Merfeld, local manager of the Citizens Utilities company, was at the home of Mr. and Mrs. Ted Strope on Lake Washington, near Seattle, when the tremor hit.

"The house seemed to sway and I experienced a sudden nauseated feeling," Merfeld said last night on his return here. "There was also a noticeable disturbance of the waters in the lake."

Merfeld was on the coast on business of the company at the time.

The Whirligig

(Continued From Page One)

That consisted of keeping on friendly terms with labor, the racial and radical blocs, the city machine politicians and the straight-voting south.

From this advice flowed H. S. T.'s acceptance of the full C. I. O. legislative and political program—a deep disappointment to groups which had expected that he would line up "slightly right of center". It also meant White House advocacy of establishment of a permanent FEPC.

* * *

COG These two moves, in turn, account for the bitterness which has destroyed harmonious relations between the executive and the legislative branches of the government. It lies behind the stalemates, the filibusters and the do-nothing record on Capitol Hill ever since Mr. Truman entered the White House almost 10 months ago.

Hannegan is also associated with the vicious attack on Veterans Administrator Omar N. Bradley by John Stelle, national commander of the American Legion. The national chairman may not have inspired the blast by the former lieutenant governor of Illinois, but there is little doubt that he could have prevented it.

Stelle has been a cog in the Kelly machine in Chicago, and Hannegan sleeps in the same political bed as the mayor of the Windy City.

* * *

CENTERS The politicians have been seeking General Bradley's scalp ever since he supplanted the easy going, politically susceptible Frank T. Hines six months ago. Democratic congressmen have run to Hannegon's office with their complaints, and Kenneth McKellar, president pro tem of the senate, went so fas as to bombard the White House.

General Bradley has committed many cardinal sins, in the eyes of the Hannegan politicos. He has located veterans' hospitals near the country's finest medical centers, where the ex-soldiers could have expert care and treatment, instead of at remote, unhealthy and unsightly spots proposed by the partisan patriots.

He has dared to place school and industrial counseling centers where it would be convenient for the former G.Is to take advantage of the post-war advice they received. They have been located in educational and industrial areas, making it possible for the veteran to investigate immediately his chance for going to school or to an apprentice shop.

* * *

FIRED The hierarchy of the American Legion as represented by National Commander Stelle and John Thomas Taylor, legislative agent in Washington, gripes because the Legionnaires' poo-bahs ran the Veterans Administration when it was headed by Major General Hines. He took their orders and gave the members of congress whatever they wanted—jobs, hospital sites, other favors.

But his achievements were so futile and ineffective that he was kicked upstairs as minister to Panama. General Bradley promptly fired certain prominent Legionnaires from V. A. jobs, and appointed medical and administrative officers who had served with him overseas.

As this column pointed out, the commander of our European ground forces was given this difficult and responsible post because the White House felt that he would oppose the politicians. It was also thought that he would clean up the mess left behind by General Hines.

That is the background of the Stelle-Hannegan-McKellar feud with General Bradley.—Copyright McClure Newspaper Syndicate.

Wallace Defeats Mullan

A revamped Miner quintet won from Mullan high in a rough and tumble game here last night that at times saw players in a wild scramble on the floor and spectators repeatedly on the edges of their seats. The final score, 35 to 23, is not indicative of the closeness of the contest, for with less than two minutes to play the Miners led by only a four-point margin, 26 to 22.

It was the season's final home game for Coach Bill English's Wa-Hi quintet and the switch of Tissaw and Stalwick into the forward berths aroused hopes for Wallace success in the forthcoming north Idaho tournament at Kellogg despite the fact that the locals have lost seven of their 12 conference starts.

Larsen High Scorer

Neither Tissaw nor Stalwick were high in the scoring column but their fast passing and play beneath the backboard enabled Larsen, center, to account for 17 points to take individual scoring honors. Johnson and Edwards, diminutive guards, also played outstanding games.

For Mullan, Zahn, 200-pound guard, was a puzzle to the Miners throughout the evening and he tossed five field goals and two free throws to annex 12 of his team's 23 points. Truesdell, forward, added six.

Close guarding marked the early stages of the game and Wallace was in front 3 to 7 at the end of the first quarter. In the second period they ran the count to 21 to 10 but the third quarter saw Mullan on the offensive, the Tigers netting five points; Wallace only two.

Their spurt continued into the final period and a somewhat demoralized Miner outfit saw the lead decrease to four points as the timer's watch neared the two-minute mark. Then they came back to life and four baskets and a free throw ran the score to 35-23 as the game ended.

A fast breaking Mullan second team won from the Wallace seconds, 31 to 30, in a preliminary that was also a thriller.

The summary:

Wallace (35)	FG	FT	PF	Tot.
Tissaw, f	1	0	2	2
Stalwick, f	2	0	4	4
Larsen, c	8	1	0	17

Vikings Win Thriller

COEUR D'ALENE, Feb. 16. (AP)—A long angle "swisher" boomed in by Ed Frandsen in the last two seconds of play broke a deadlock and gave Coeur d'Alene a 35-33 victory over Kellogg in a Panhandle conference basketball clash here Friday night. It was the Vikings 11th win in 12 conference starts and makes them a "shoo-in" for the Panhandle conference championship, with two tilts left on the agenda before the annual district tourney is held at Kellogg.

Frandsen rang up 21 points to boost his total for the last three games to 67.

Bonners Ferry In Fourth Spot

SANDPOINT, Feb. 16. (AP)—Sandpoint skidded from a tie for fourth place into sixth in the Panhandle conference last night when Bonners Ferry edged out the home team, 25 to 22. Bonners Ferry now holds down the fourth spot alone.

St. Maries Upsets Priest River

ST. MARIES, Feb. 16 (AP)—Priest River clung to third place in the Panhandle conference although losing to St. Maries last night 29 to 27. St. Maries remains in the cellar.

65 Skiers Enter Lookout Tourney

More than 65 skiers have entered the Intermountain Ski council tournament at Lookout pass Sunday, according to Dr. E. J. FitzGerald, chairman of the tournament. In spite of the moderate weather, snow conditions are excellent, officials, say, and the entire course is in good condition with 90 inches of snow recorded.

Among the Class A entries are Helge Sather, Spokane Ski club, who was formerly a world champion ski jumper; Ring Thorgeson and Bob Guess, WSC; Bob Campbell, Selkirk, Norman LaVine, Chewelah; and Wally Reigib, Al Boge and Ellis Wickward, Spokane. Boge raced for the Idaho club in the last tournament before the war put a stop to these meets, and Ellis Wickward placed for the Idaho club in these tournaments for four years before the war. The local club's hopes of winning the Class A races are placed on Bruce Berg and Don Conley, who have both been racing at Lookout for several years. Among the Class A women skiers, Mary Alice Peel, Idaho, and Priscilla Guess, Chewelah, will offer stiff competition for any others.

A new feature, consisting of a giant double competitive slalom race, will be offered at this tournament. This will be held at 4 o'clock on the north hill, where the public can see it from the lodge. Teams will be chosen, with 15 or 20 skiers on each side, and these men will race through two identical slalom courses at the same time.

The tournament will start with the men's Class A and B slalom race on the slalom hill at 10 o'clock. The women's slalom and men's Class C slalom will follow on the north hill. At 1 o'clock other races will be run, starting with the women's downhill event.

The Idaho ski patrol will give a demonstration of first aid and use of their new tobaggon at 3:30. This is in connection with the national drive for funds to support the NSPS which will end February 24.

Judges for the races will be Ed Critchlow, Bill Beamer, Jim Farris, Bob Gipson and Wilbur Olson.

Vandals Win; Hold First Place Tie

(By The Associated Press)

Idaho University's Vandals, surging ahead with their eye on their first Pacific Coast Conference northern division basketball title in 23 years, turned in a spectacular performance at Seattle last night to win 51 to 48 over University of Washington.

In so doing they kept in a tie for first place with the Oregon State College Beavers, who were busy at Corvallis, Ore., winning 63 to 43 from Washington State. Each of last night's winners has won eight and lost four games. The same teams will play again tonight.

Idaho started slowly, trailing until early in the second period when it tied the count at 34-all and never fell behind again. Great defensive strength and a clicking scoring attack marked the Vandals' play throughout.

League-leading scorer La Don Henson was held to a single field goal by the Idaho iron men, who used only six players throughout, and kept the entire starting lineup in for all but four minutes.

Washington got off to an early 6-1 lead, and was ahead 31 to 30 at the half. But Grant Mortensen, Len Pyne, Fred Quinn and Jack Phoenix all kept pitching in Idaho counters to overcome the margin.

Washington's Jack Pomfret and Phoenix tied for scoring honors with 14 apiece.

At Corvallis Oregon State bottled up the Eagle-Eyed Gale Bishop of the Cougars, limiting him to nine points, in assuring their victory. The home team got off to a fast start, leading 7 to 0 after four minutes and 36 to 18 at the half.

BEARS WIN CROWN

BERKELEY, Calif., Feb. 16 (AP)—The University of California won the championship of the southern division of the Pacific coast conference last night by defeating the Stanford Indians 42-31.

The halftime score was California 22, Stanford 15. The Bear's star forward, Andy Wolfe, leading conference scorer rang up 13 of his team's 22 points in the first half.

LOSING STREAK BROKEN

LOS ANGELES, Feb. 16. (AP)—Well, it couldn't go on forever.

After suffering 38 straight setbacks from the University of Southern California Trojans, the UCLA basketball team did an abrupt about face last night and set their cross-town rivals down by a score of 45-35 in a major upset. The teams clash again tonight.

PIANO TEAM IN CONCERT

Here are Vera Appleton and Michael Field, a piano team, who will present a concert in the Kellogg high school gymnasium Monday evening as the second program of the Shoshone County Community Concert association's 1945-46 series. Their recitals at Town Hall in New York and throughout the nation have been received with great enthusiasm by music lovers.

This duo-team is the result of a chance meeting in New York in the summer of 1943. They had been students of Carl Friedberg at the Juilliard Graduate school and upon meeting again their reminiscing at twin keyboards proved two things—that nothing of their former art had been lost but actually something had been gained which merited a professional union of their talents. Just four months later their Town Hall recital won the approval of critics. Interested in contemporary music, they always include modern compositions on their programs.

It was announced today that the ticket sale for the concerts next year will be held during the week of April 8-13.

Hogan, Nelson, Snead Lead Golf Parade

NEW ORLEANS, Feb. 16. (AP)—It looked like old times today in the New Orleans open golf tournament, with Ben Hogan leading the field, Byron Nelson close behind and Sam Snead swinging along within striking distance.

It seemed as though golf had returned to the pre-war days when those three formed a combination other tournament players always had the task of cracking.

All three shot three-under-par 69s yesterday, a figure which only Clayton Heafner of Charlotte, N. C., has equalled in the present tournament held on the 6608-yard City Park course.

As a result, Hogan, a Texan who now makes Hershey, Pa., his headquarters, had a two-stroke lead at 140 with the tournament half over.

Nelson, of Toledo, Ohio, had been in a third-place tie with four others at 73 before yesterday's effort which boosted him to 142.

Snead, from Hot Springs, Va., and Heafner added their 69s to 74s of the previous day, and shared the 143 spot with Jim Ferrier of Chicago, Australian champion, who put a 70 on top of his opening 73.

Wyoming, Colorado Tops In Big Seven

(By The Associated Press)

Wyoming University's Cowboys and Colorado University's Buffaloes retained a hold on top-spot honors in the still tightly contested Big Seven basketball race today after victories last night over Denver University and Utah, respectively.

At Salt Lake City the score was Colorado 48, Utah 42, and at Laramie it was Wyoming 61 Denver 46.

MANY AT DANCE

The dance at the Youth Center last night sponsored by the W club was well attended by students from Wallace, Mullan and Burke. An orchestra furnished the music.

Flashes Of Life

GAINESVILLE, Fla., Feb. 16 (AP)—The University of Florida basketball team had a playing date with the Orlando army air base here last night, but the soldier team didn't show up.

The army explained the entire team—and a good one too—was being separated from the service.

KANSAS CITY, Feb. 16 (AP)—William Robert Endsley, now 16, spent 21 months in the navy under his sister's name, which he used for enlistment when he was 14.

Now he has been discharged as a minor, still one-year shy of legal enlistment age.

The youth explained that he used the birth certificate of his 17-year-old sister, Sammy Louise Endsley, after erasing the "E" in Louise.

Mrs. Mary Endsley disapproved strongly, but said her son's pleas persuaded her not to notify the navy until after the war with Japan was over.

SEATTLE, Feb. 16 (AP)—Discontent arose at the women's quarters of the city jail after the 48 inmates were quarantined upon discovery of two diphtheria cases.

Some prisoners were due for release this week. But Dr. J. K. Bozeman of the city health office said the quarantine might last three or four days.

CHILLICOTHE, Mo., Feb. 16 (AP)—Mr. and Mrs. Fred Pope are driving a "new" 1923 automobile. The (Willys - Overland) car shines under the original coat of paint and sports five "new" tires. Pope said the original owner bought it in 1923, drove it twice and then locked it after he was frightened in an accident.

Pope purchased it last week.
